SUNNY SQUILLETS

It is denied that people here detect a difference in the quality of the sun-dried squillets now available in the market.

This country is 800,000 square miles in area, and it has a population of 25,000,000. It is a vast country, and it is a vast country.

The census shows New York to be the largest city in the world. It has a population of 25,000,000. It is a vast country, and it is a vast country.

The senators who are split, the people who are split, the people who are split. It is a vast country, and it is a vast country.

The people who are split, the people who are split, the people who are split. It is a vast country, and it is a vast country.

The profiteers don't care, a man who has a piece of land. It is a vast country, and it is a vast country.

The mills have been recently closed by the winter weather. It is a vast country, and it is a vast country.

The senators who are split, the people who are split, the people who are split. It is a vast country, and it is a vast country.

It is promised that the March election shall be honest. It is a vast country, and it is a vast country.

An inquiry asks The Caledonian: Record what has become of the shoe of yesterday? It is a vast country, and it is a vast country.

It is claimed another government bond issue may be necessary. It is a vast country, and it is a vast country.

Mr. Hoover does not know whether he is a Republican or a Democrat. It is a vast country, and it is a vast country.

Some people's theory of transportation is to use trucks. It is a vast country, and it is a vast country.

THE SUCKER CROWD

One of the most pathetic features of the present rush for money and wealth is the multitude of honest and well meaning people who throw money away on speculative investments and wild cat projects. The mails are loaded with glittering literature addressed to "sucker lists," written to tempt inexperienced people to invest in oil stocks, mining ventures, and other schemes of a most dubious and uncertain character.

People who contemplate investing in such projects, should realize that a meritorious proposition does not usually have to solicit funds in this way. It is quickly snapped up by insiders, and the general public does not get a smell.

These schemes are not necessarily dishonest. A great many are merely pipe dreams of over-zealous people, who have been blowing bubbles all their life.

Many wage earners argue that they will never have a chance to get rich unless they take these chances, and so they blow in their savings. They are lured by tales of how some scrub woman or boot black made a lucky strike. Yet for every one that wins big money, a thousand may have lost. So their pathetic little savings, that might have been the basis of a business capital, go up in smoke. And for years afterward they will be moaning around that they never had a chance in life.

The Caledonian-Record's suggestion to such people is to ask advice of the bank men and other business people in their home town. They will thus save bitter disappointments, and will retain the real chance, for saying that are within their reach.

H. C. of L. Hits Barbers Raise Prices After Mar. 1

The H. C. of L. has hit the barbers, and as a result the tonsorialists of St. Johnsbury find themselves compelled to increase their rates for March 1. Commencing on that date every shave in the city will charge 40 cents for a hair cut instead of 35 cents and a shave will cost 20 cents whereas in the past only 15 cents was charged for this operation.

St. Johnsbury Named for Arnold's Son

(Continued from page one)

It is a fact that the town of St. Johnsbury was named for the son of the late John Arnold. The town was founded in 1784, and it was named for the son of the late John Arnold. The town was founded in 1784, and it was named for the son of the late John Arnold.

They couldn't be built now for twice \$71,000

When the talk turns from politics to railroads, and the traveler with the cocksure air breaks in with, "There's an awful lot of 'water' in the railroads," here are some hard-pan facts to give him:

American railroads have cost \$80,900 a mile—roadbed, structures, stations, yards, terminals, freight and passenger trains—everything from the great city terminals to the last spike.

A good concrete-and-asphalt highway costs \$36,000 a mile—just a bare road, not counting the cost of culverts, bridges, etc.

Our railroads couldn't be duplicated today for \$150,000 a mile.

They are capitalized for only \$71,000 a mile—much less than their actual value. Seventy-one thousand dollars today will buy one locomotive.

English railways are capitalized at \$274,000 a mile; the French at \$155,000; German \$132,000; even in Canada (still in pioneer development) they are capitalized at \$67,000 a mile. The average for all foreign countries is \$100,000.

Low capitalization and high operating efficiency have enabled American Railroads to pay the highest wages while charging the lowest rates.

NORTH WALDEN

The Washington entertainment at the school house Saturday night was well attended. A very good program was given consisting of songs, recitations, dialogues and flag drill. A tidy little sum was realized. The proceeds will be used to purchase a dictionary and two wall maps.

Some of our ladies called on Loisabel F. Allen Sunday and presented her with a birthday cake, flowers and five dollars. The occasion was her 18th birthday.

Ben H. Moore was in Danville Wednesday and Thursday.

Anthony J. Rose and Eugene A. Dorney were in Hardwick Monday.

Frank LaClair of Hardwick is in town getting his buildings in repair. He will move here soon.

Miss Adine Bell is visiting her cousin, Mrs. Mabelle Drew in Somerville, Mass.

Dr. G. A. Davis of Albany was at Fred Allen's Saturday.

Mildred L. Olson who has been home ill from St. Johnsbury returned to her school duties Monday.

A large number from here attended the "Shubert" concert at East Hardwick Friday night.

The Kings Daughters will meet with Mrs. John E. Sinnott at the next regular meeting. Mabel E. Kelly, agent for Home Demonstration work will be present. Subject for discussion "Cottage Cheese."

Johnsbury helping care for her mother and father, Mr. and Mrs. Henry Wilson who are very sick.

BOY SCOUTS TROOP 3

Last Saturday evening, Feb. 21st, Troop 3 journeyed to Passumpsic where the basketball team was met and defeated by the first Troop 1 team of that place by a score of 30 to 21. It was Troop 3's first defeat of the season having won nine consecutive games up to this time. The game was fast from start to finish and the cleanest that Troop 3 has taken part in. At the end of the first quarter the Passumpsic boys led by a 20 to 10 score. However, at this stage of the game Troop 3 awoke and found itself, holding their opponents to one basket in the 3rd quarter. But in the final period Troop 3 outplayed their opponents scoring 9 points to their 8. The passing of Troop 3, the shooting of E. Rash and the all around work of McNamara were the features. Following the game Troop 3 liked it home. The score:

Ellis, Jr. rg, Scruton N. Pike, rf lg, Scruton N. Pike, c (capt.) c, W. Rash Wixom, rg lf, A. Moore McNamara, lg (capt.) rf, E. Rash Goals from floor, E. Rash 7; W. Rash 4; Moore 4; N. Pike 4; J. Pike 4. Goals from fouls: Ellis 5; Referee, Tillotson. Scorer, Ayer. Timekeeper, Vitty. Time, Four ten-minute periods.
